WRWA Outdoor Expo
 Aug 24 Plover, WI

Stop by the **Wisconsin Rural Water Association's**
 Outdoor Expo on **August 24th** to see
LMK Technologies
 Neofit+Plus North American Dealer,
 complete *four live demo installations* of

The Solution to Your Lead Service Line Problem

Flow-Liner Systems, LMK Technologies and SEH have joined forces to promote the NSF-61 approved Neofit+Plus System for ½” – 2” water service pipe rehabilitation. Neofit+Plus dramatically reduces the time (capable of several installations a day), cost (35-45% less) and mess (one, two *or zero* small access pits) when compared to traditional dig-&-replace method. Come witness with Neofit+Plus can do for you. WRWA Outdoor Expo, Aug 24, Plover, WI
